I expected to take a lot of pictures while visiting my friend in Guadalajara and going places with him. That's exactly what happened. The photograph that inspired me to paint 42. was one of the many photographs I took during my working holiday in April 2022. The five paintings that appear in set 38-42. are my first of several of paintings that were inspired by my exciting and rejuvenating travels to Guadalajara. I hope you enjoy them.

I traveled to this beautiful city, Guadalajara, in April 2022 to visit my friend. I have always lived in Mexico but have only lived on the east side. I had never traveled to Guadalajara before, and I traveled there by plane at the loveliest time of the year, spring.

The trip was a working holiday of sorts for me. I went to Guadalajara to collect a laptop from my friend, a gift. I use software sometimes as an artist and was overjoyed with my friend's gift. My desktop computer is very old and does work properly most of the time.
